

# I can fly!

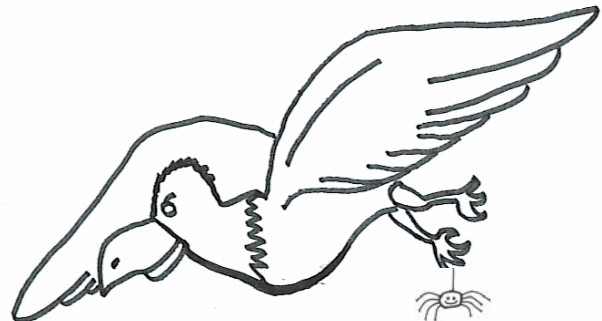

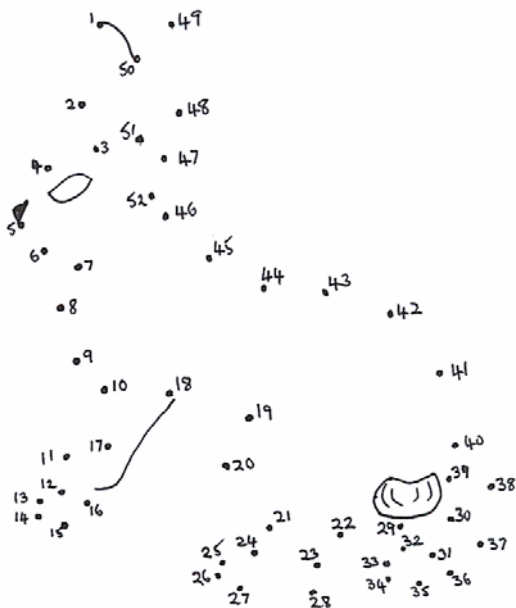

Dad made the children a flying fox that goes right across the backyard. Even grandpa and grandma have had a go on it. One day Vicki and Kaylee were talking about how cool it would be to be able to fly anywhere like birds can. Mum was listening to them talking and she said, "There is a special verse in the Bible that talks about how God can give us strength just like eagles that can fly high over the earth."

## Listen to God!

### Isaiah 40:27-31

Follow the dots to see what the eagle can see from up in the sky. It may be a tasty lunch!

## Talk to God!

Thank God for the things he gave you energy for today.
