

How does your garden grow?

Kaylee proudly showed off a photo of the snapdragon she had grown. "You're so clever to grow that," said Grace. "Not really," Kaylee replied. "I don't do much, except plant the seeds in soil that's in a sunny spot and water them. Then I just watch as the tiny plants appear, grow and finally burst into flower."

Listen to God! Mark 4:26-34

Lucy explained that Jesus used these stories about growing seeds to show how individual people grow as his followers and how the whole of God's kingdom grows. As we pray, read the Bible, and are taught and encouraged by others, we grow and God's kingdom grows.

Delbert our dictionary says

God's kingdom: realm over which God rules as king through Jesus. Jesus is the king of everyone who trusts in him. His kingdom is spiritual – it's in our hearts and it lasts forever.

It's God's power that causes a tiny mustard seed to grow into a large plant. And it's God's power that brings people from all over the world to become part of his kingdom.

Help the bird find her nest at the top of the tree.

God is at work.

Talk to God!

Lord God, thank you that everyone who trusts in you belongs to your kingdom.

Thank you that Jesus is king.

We pray that your kingdom will grow and grow.

Can you find the five mustard seeds on the page?
