

Look what God did

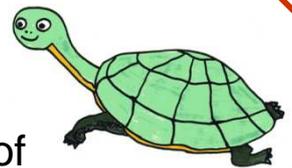

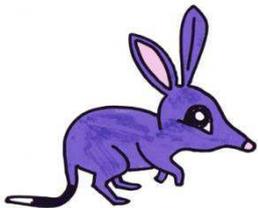

Penny platypus says,
"Mrs Quoll is nocturnal.
That means she sleeps
in the daytime and
looks for food at night."

God gave Mrs Quoll a
coat with 'moon spots' so she can
blend in with patches of moonlight
among the trees and not be seen by
animals that might want to harm her.

God's book the Bible
says, "You Lord God
have done many
wonderful things."

Psalm 40:5

Can you think of
something wonderful
about the way God
has made each of
these creatures?

I can say to God, "Lord God you
have made so many wonderful
things in our world. Thank you."
