

Who's wise?

Penny platypus says, "Meet my friend Masked Owl. People say owls are wise, maybe because their big eyes make them look wise. Actually, owls are not very smart at all."

Being wise means knowing what is right and good. God is the most wise and if we ask him, he will make us wise too.

God's book, the Bible says, "God . . . is wiser than anyone else."

I Corinthians 1:25

I can say, "Dear God, I'm glad you are so wise. Please help me to learn what is right and good so I can be wise too."

God is wise

Colour the words.

Do you know what they say?
