

The best guide

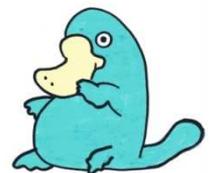

Bilby Bob says,
"Feather -tail Glider is
as small as a mouse
but can glide (like
flying) a long way
through the air
because his feathery
tail guides him. He's
the only animal with a
tail like that."

God's book the
Bible says, "God
... will always
guide us."

Psalm 48:14

I can say, "Thank you Father God
that you promise to guide us through
the words in the Bible. Help me to
listen to them."

Get another person to cover up their eyes so they can't see. Then guide them through the house by talking to them or holding their arm. If they didn't fall over or go the wrong way, you are a very good guide.
