

Look who's strong

Penny platypus says, "I'm glad I don't live near Salt Water (Estuarine) crocodile. He's the biggest reptile in the world and very, very strong. He can catch animals as big as kangaroos, wild pigs and dingoes for his dinner."

I can say, "I'm glad you are so strong Lord God. Help me to always remember how strong you are."

The Bible says,
"(God) is the Lord,
strong and mighty."

Psalm 24:8

Crocodiles are very strong, but God is stronger.

Colour the crocodile and draw arrows to his strong legs, tail and teeth.
