

Favourite food

Bilby Bob says, "Meet my friend Honey possum. She looks a bit like me don't you think? But I'm bigger, and much more handsome."

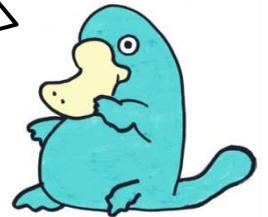

Honey possum is so small she can sit in your hand or on a flower. She eats the flower's pollen and nectar that bees make honey from.

Honey is sweet and yummy and good for us.

God's book
The Bible says -
"God's teachings
are sweeter
than honey."

Psalm 119:103

Draw your
favorite food.
Is it sweet?

I can say to God, "Heavenly Father, thank you that the words in your book are sweet like honey. I know they are good for me."
